And trust us to accomplish them.

INTRODUCTION

Imagine :

- *The necessity to build an industrial plant, or a commercial building .*
 - *That your facilities require to be “ World Class”.*
 - *With high normative and standard quality requirements.*
 - *That it has to be done in a short time, with very tight programs and to competitive prices worldwide.*
-

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

WE KNOW

The important is for you to count on support for real solutions to the design, construction and logistics for the set up for your facilities.

Introduction

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

General Objective

To assure that the design, administration of the construction project, and maintenance of your buildings; are carried out according to scheduled, under the most demanding technical norms, and the best safety standards.

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Solutions

- ***40 years of experience in the construction market of industrial and commercial facilities.***
- ***More than 30 Engineers and Architects with a lot of experience in administration of projects and construction.***
- ***We count with more than 35 strategic partners that allow us to offer the service in 11 states of the Mexican Republic.***
- ***Integral Solutions.***
- ***Faithful execution in work programs and contract dates***
- ***A lot of surveillance in our industrial safe-security.***

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

How?

- ***Quality Management Systems.***
 - ***Qualified personnel in Project Administration and Control.***
 - ***Engineers and Architects highly qualified technically and with a lot of experience.***
 - ***Highly competitive prices***
 - ***Integral services.***
 - ***Scheduled preventive maintenance.***
 - ***Guaranteed service.***
-

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Quality in the Service

- *Indicators.*
- *Continuous improvement.*
- *Avant-garde technology.*
- *Projects Administration.*

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Timely Response and Programs Execution

- *Infrastructure in computerized technology and communications.*
- *Control automated of programs and project administration.*

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Products

- *Design and Engineering*
 - *Construction of Industrial and Commercial Buildings*
 - *Automation and Industrial Control*
 - *Intelligent buildings*
 - *Industrial and Commercial Maintenance*
-

Integral Service

ITEM	SERVICE
Civil Works	<i>General Construction, finishes, sheetrock, false ceilings,, water proofing, masonry, etc.</i>
Electricity	<i>Design and Construction of Electric Substations, Feeders Conductors, Industrial Control, Illumination, Panel Boards, ground systems, Emergency Plants.</i>
Air Conditioning	<i>Design of Projects of evaporative cooling and air conditioning, exhaust, ventilation; and maintenance. .</i>
Hydro Sanitary	<i>Design and constriction of fire protections systems, hydro pneumatics equipment, and sewage systems.</i>
Security, Automation and control access.	<i>Central Building control Systems</i>

We have presence in **11** States of the Republic

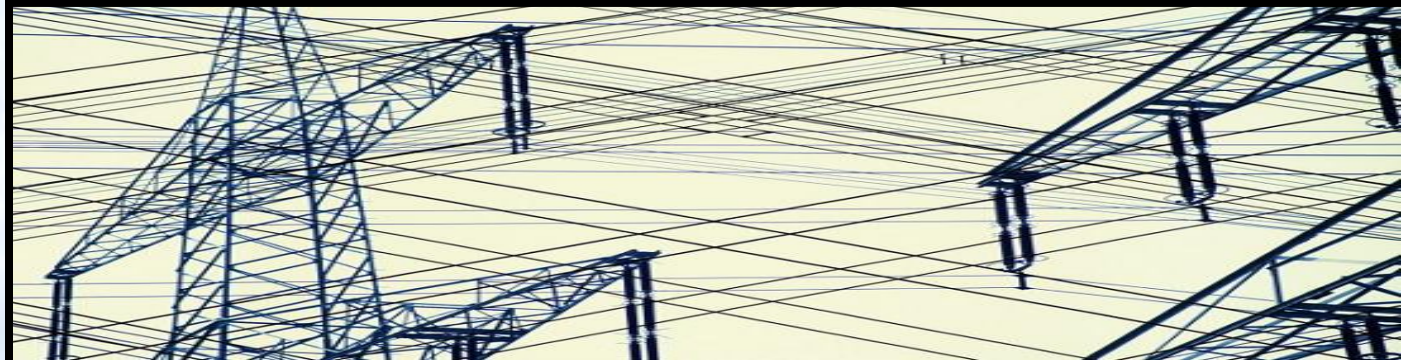

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Scheduled Preventive Maintenance

- *We have developed a program that helps you to maintain your building in good shape and operation.*
- *We have a control system that gives you, “on line”, very valuable information such as:*
 - » *Maintenance cost*
 - » *Maintenance historic services*
 - » *Materials installed*
 - » *Response timing*

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Scheduled Maintenance Policy

- *Scheduled routines.*
 - *Attention of emergencies.*
 - *Control and analysis of information*
 - *On line system*
-

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Guaranteed Service

- *A group of professionals with experience in construction and maintenance*
- *Constant training program for our team.*
- *Infrastructure.*
- *Reliable net of Suppliers.*

Innovación | Ingeniería | Integración

Innovación | Ingeniería | Integración

Express your needs ...
And trust us to accomplish them.

Advantages

- *43 years of experience in the market.*
- *Knowledge of regulations*
- *Integral service.*
- *On schedule deliveries*
- *Competitive costs*
